

Hello! Glad you're here & joining in!

Shaping school life together is important to all of us.

With this survey we would like to know how you and your classmates are doing. Of course, the survey is voluntary. And since some of the questions are very personal, the survey is anonymous,

so you don't have to give your name. There are no right and no wrong answers. It is important that you answer the way you think.

Together we will evaluate the results and want to further develop our school life in a positive way.

Thank you for your participation!
